

Canadian
College

Welcome to the Canadian College!

At the Canadian College, we believe in providing students with a learning experience that combines internationally recognized credentials with our own standards of excellence. We understand the desire for students to be job-ready upon graduation so that they can immediately start their new careers, which is why we deliver certificates and diplomas from organizations like FITT and AHLEI, as well as industry-recognized exams such as PMI, COMPTIA and CISCO. In addition, we help students develop skills and prepare for the workforce with hands-on experience through our Co-op programs.

We take pride in the programs we offer and in the talented people who work with us. Our instructors are industry professionals, many still active in their respective fields, who want to bring their expertise into the classroom and help students achieve their own career goals. We work hard to ensure that our programs are not just interesting and engaging, but also relevant in changing markets.

We also understand the importance of having a comfortable learning environment close to the businesses where students see work opportunities. This is why our campus is in the heart of Vancouver, equipt with its own campus restaurant, nearby student residence, and rooftop patio for students to enjoy.

We hope that you decide to study in Vancouver to see what this city has to offer, and we hope that you choose Canadian College to prepare you for your future career.

Thank you,

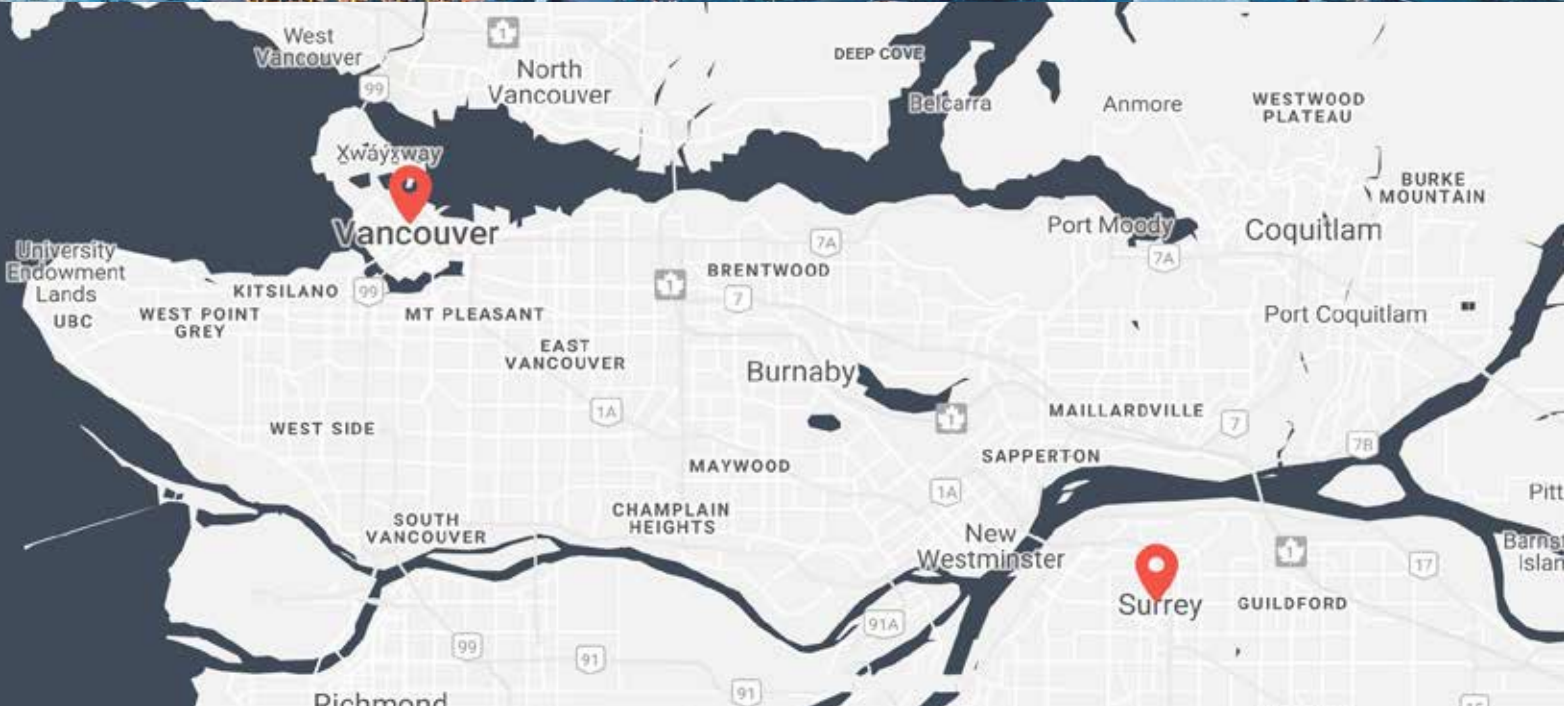

Lane Clark
CEO

Shaun Macleod
VP Academic

Vancouver, Canada

Mild Climate

Very little snow in the city but plenty of snow on our local mountains for skiing and snowboarding.

Quality of Living

Beautiful, natural, safe, clean, convenient and multi-cultural. Come and find out why Vancouver has been ranked as one of the most liveable cities on Earth.

Sports & Recreation

Beaches, lakes and mountains in one place. Unlimited choice of Summer and Winter activities.

Canadian College Programs

Canadian College offers a wide range of career training programs.

Features

- Internationally Recognized Certificates

Student Testimonials

Get inspired. Read what our current and past Canadian College students have to say about their life-changing experiences.

Betty, Taiwan (Trade Management)

"I like Canadian College FITT courses. The teachers put a great effort into every class and I have learned a lot. I also enjoyed the cross-cultural communication and the interactions between teachers and students during the classes. The Co-op program gave me an opportunity to work as a warehouse assistant and gain work experience in order management, inventory management and shipment management."

Natália, Slovakia (Social Media Marketing)

"Being a Media Studies graduate already when applying for this course, I was wondering how different the Social Media Marketing Co-op will be, and if it will provide enough new things for me to learn. So far, I can say, that it has exceeded my expectations and I am getting valuable knowledge every day. Most of the courses are very practical and make me prepared and confident to succeed in the professional sphere. I like the teachers' personal approach and their qualifications."

Emi, Japan (Hospitality Management)

"I am extremely happy with Canadian College instructors who have extensive knowledge and experience in Hospitality and tourism industry. Case studies we worked in the classes were very useful when I actually worked at hotel as co-op. My classmates were from all over the world, which helped me understand different cultures and ways of thinking."

Gunay, Azerbaijan (Supply Chain Manage.)

"My overall study experience in Canadian College has been amazing. All classes that I took in the Supply Chain Program have provided me with several opportunities to grow and explore my skills. I have always found a positive and professional environment there and all teachers and professors are highly solicitous. I feel very lucky, and I am very thankful because of being a part of this college. I have obtained deep theoretical and practical knowledge and they will definitely add a number of values to my life."

Accommodation & Campus

Canadian College students have access to two comfortable accommodation options depending on their needs. Canadian College campus is located in the centre of downtown Vancouver alongside high-fashion retailers, top restaurants and famous hotels.

Student Residence

Many students choose to live in our student residence apartments in downtown Vancouver because it is a 15-minute walk to the college, and it is a great place to meet other students from around the world.

Homestay

Enjoy the Canadian lifestyle living with a Canadian homestay family. Homestay accommodation is a fun, safe, and affordable way to stay in Vancouver.

Classrooms

Our modern classrooms, each equipped with high-speed internet, power stations for students' devices and a high-definition screen, are designed to facilitate student-centred learning.

eh! Restaurant

Our on-campus restaurant offers great food, a relaxing atmosphere and serves as the venue for school events and parties. Students can also get paid work experience in eh!.

Canadian College of English Language (CCEL)

Need to brush up your English? Not a problem! CCEL has more than 30 years of experience in teaching English as a second language.

English Courses

CCEL offers programs from beginner to advanced levels that prepare students for using English in the real world. On completion of the required level of the CCEL program, students can enter Canadian College without TOEFL or IELTS.

Length

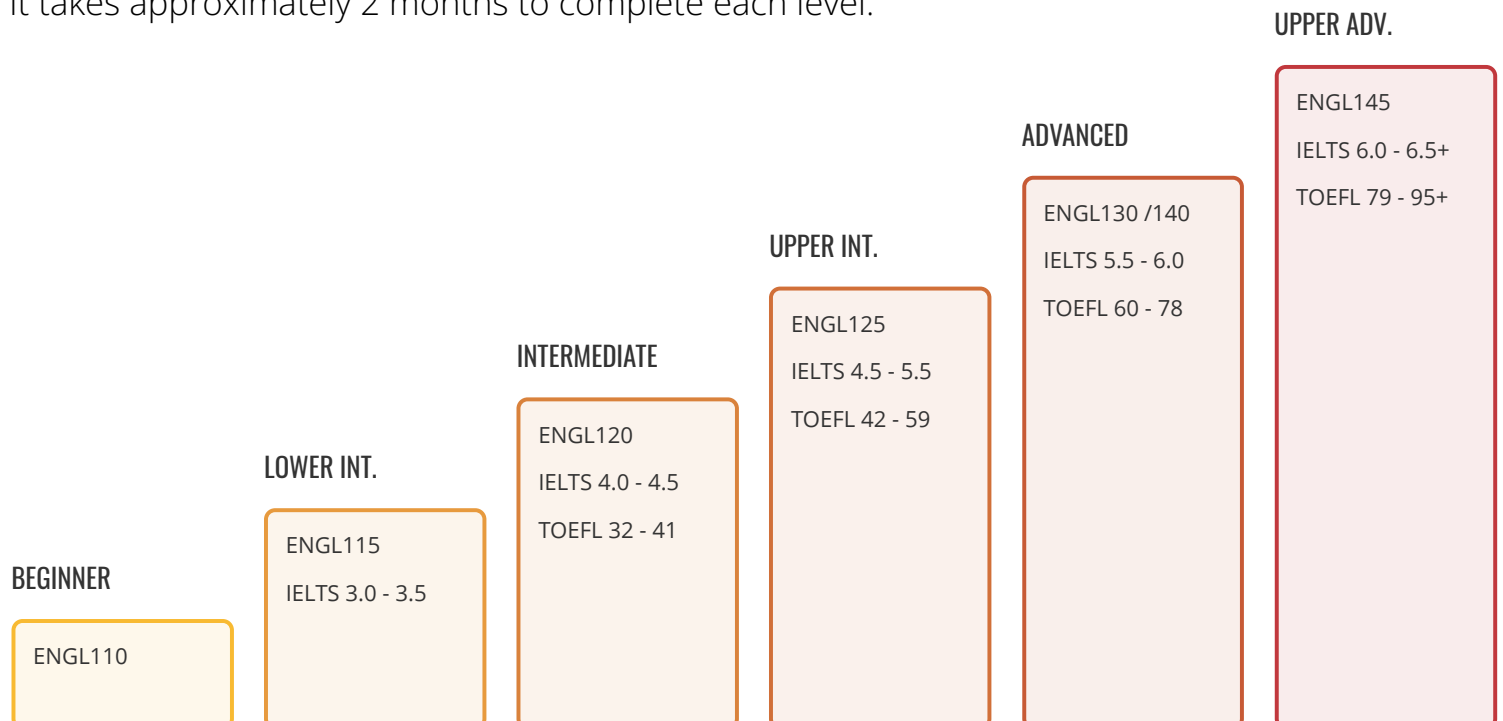

Most students study 12, 24, 36, or 48 weeks and then go on to take another course such as Business English, IELTS Preparation, University Pathway or Canadian College Business Management program.

English Level Requirements

There is no requirement to join General English. You will take a placement test on the first day of school and start from the most suitable level. It takes an average of 2 months to advance to the next level.

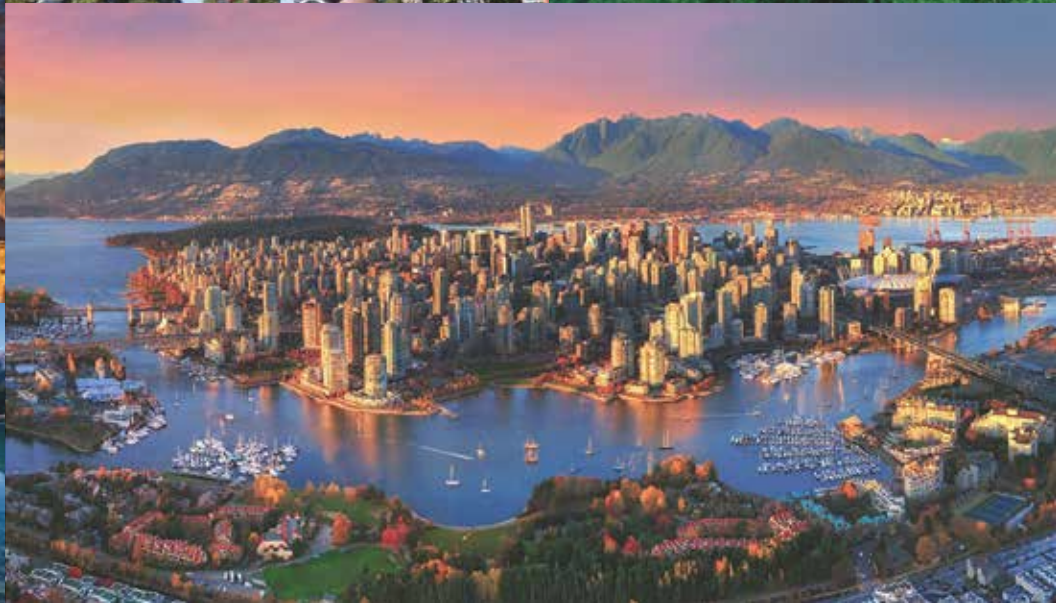

Programs & English Levels

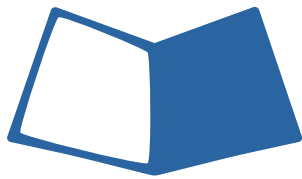

There are 7 levels in the core curriculum, from English 110 to English 145. It takes approximately 2 months to complete each level.

Explore Vancouver

Attractions, shopping, outdoor activities - everything you want to do and see in Vancouver is easily accessible - within walking distance or convenient trip on our local transit system.
